REFERENCES.

I. The latitudes and longitudes are approximate.

II. In the description column the following abbreviations are used :—

D	District.	V	Villages up to 100 inhabitants.	Mtn	Mountain.
L T	Large Towns.	C	Camps not permanently occupied.	Sta	Railway Station.
T	Towns of over 500 inhabitants.	Tr	Tribal Names.	Con	Concession.
H C T	Towns of Head-Chiefs.	R	Rivers.	Rns	Ruins.
L V	Large Villages of 100 to 500 inhabitants.	S	Streams.		

III. Notes on Orthography founded on "Rules for the Transliteration of Place Names" (Knox, 1906) :—

GENERAL IDEA.—Every letter is pronounced, and no redundant letters are introduced. When two vowels come together, each one is sounded, though the result is sometimes scarcely to be distinguished from a single sound, as in *ai*, *au*.

LETTERS.	PRONUNCIATION AND REMARKS.	EXAMPLES.
a	*ah*, *a* as in *father*	Abakwa=Ah-bah-kwah.
e	*eh*, *a* as in *fate*	Abetife=Ah-beh-tee-feh.
i	English *e*; the sound of *ee* in *beet*	Sekondi=Sekon-dee.
o	*o* as in *mote*	Oblogo=Oh-bloh-goh.
u	The sound of *oo* as in *boot*	Odumase=Oh-doom-ahseh.
	All vowels are shortened in sound by doubling the following consonant	Winneba.
ai	English *i* as in *ice*	Aiyimensa=I-yee-mensah.
au	*ow* as in *how*	Dauwura=Dow-woorah.

NOTE.—"Ky" represents the guttural found in such names as Kyebi, Kyekyewere. "Chebi" and "Chechewere" would be too soft, and "Kebi," "Kekewere" too hard. The original spelling of certain familiar names has been retained, the correct spelling being placed in brackets. Example: COOMASSIE (Kumase), OBUASI (Oboase). Brackets are also used when a place has two names. Concession names are spelt as given by the Courts.
